ELIGIBILITY CRITERIA

- The SAB Foundation Social Innovation Awards will be open to any innovation solution that offers a credible prospect of meeting a demonstrable social and/ or economic need evidenced by the SABF's target low-income beneficiary groups (with a particular emphasis on innovation that benefits women, youth, people with disability and those in rural areas), as well as demonstrating potential as a sustainable businesses.
- Entries are welcomed from South African individuals, innovators, entrepreneurs, Social Enterprises and university departments. Entrants may enter as individuals on their own, or as members of a team, in which case one individual team leader shall complete the online application form.
- The innovation entered must be the original work of the applicant and a true innovation and/or a significant improvement on an existing technology, product, service, and production method or business model.
- Product innovation covers innovations in both goods and services, which can be divided into new or improved products. A new product has different characteristics and intended uses than existing products. It may use new technologies, knowledge and products or a combination of these. An improved product is an existing product whose performance is significantly increased; in terms of either increased output or a reduction in cost.
- Process innovation is the adaption or creation of improved ways to deliver a product or service. It could come from changes in knowledge, perception and understanding. For poverty reduction, process innovations can increase the level of service delivery to beneficiaries, or enable practitioners to reach previously untouched groups or individuals.
- Applications are open to all South African citizens of 18 years or older. All participants ("Entrants") must submit a certified copy of their South African Identity Document with their online applications.
- The innovation solution must have progressed past the "blue-sky" thinking stage: there must be some evidence of investment by the applicant. This means that applicants must be able to show proof that prior to applying, they have spent time and/or money developing the innovation: planning, developing & testing prototypes, market & industry research, developing a business plan.
- Please see the "Participation Rules" on the online Application forms for Terms and Conditions.
